Airplanes Missions	Learn the science that enables planes to fly, build all-new amazing model airplanes...and then fly them! Then test these principles on the many models you get to build. Your mission will involve aircraft models like the Starfighter helicopter, Mustang P-51 glider and the electric Seagull.
Chess	All levels welcome. New players welcome to learn how to play a full game of chess and how to write down moves to learn from mistakes. Experienced players learn strategies and tactics to help improve their game. All players will learn about the etiquette and strategy of a game that is truly a great lifetime activity for young and old alike.
Cooking	Make delicious and nutritious recipes using fresh and colorful ingredients. Master safe cooking skills: slicing, dicing, chopping, folding, baking, zesting, mixing, and more. Recipes stay fun and diverse as we use a blender/food processor, kids safe knives and colorful equipment, and include salsas, salads, wraps, veggie kabobs, nachos, parfaits, smoothies, gazpacho and more! Note: Nuts, Eggs, Soy, and Wheat may be used in all recipes. We will not be using a hot plate, or toaster oven and recipes will not require baking.
Fashion's Night Out	Discover the designer in you! This season we're designing all-new colorful cotton dresses and outfits to greet the spring weather in style. We'll sketch, hand-sew, decorate and even have a runway show at the end of the session to model your chic creations for family and friends!
Free Throw: Basketball Clinic	Enjoy basketball with friends in a fun and less-competitive atmosphere. Learn the fundamentals of basketball, enhance the skills you have and build confidence in your game. Class is for anyone interested in the game - all levels are welcome and guaranteed to have FUN!
Full STEAM Ahead	The opportunity for exploration here is limitless! Each week, focus on a different STEAM activity including Science experiments, Technological advancements, Engineering challenges, Artistic creations, or Math games. Each session features ALL-NEW activities. Work individually or in groups as you complete challenges in this hands-on class.
Hip Hop	Learn simple choreographed hip hop dances. Move and groove to kid-friendly songs in this energy filled class. If you love to dance while learning some hip hop moves, then this is the class for you. Wear comfortable shoes and bring your passion to move!
Jedi Engineering Using Legos	The Force Awakens in this introductory engineering course for the young Jedi! Explore engineering principles with Lego materials as we construct the Ewok Village on Endor, fly through space on our X-wings and defend the Echo Base on Hoth. Create motorized and architectural projects with imagination and engineering to defeat the Empire!
Karate	In this martial arts class, train to improve physical conditioning and practice self-defense skills. Develop the whole person - body, mind, and character and increase confidence, focus, self-discipline, self-control, and respect for self and others. Students begin with a white belt and, when the opportunity is earned, may test for belt advancement at session end for a \$50 test fee coordinated by, payable to, and held at the Kempo Karate of Darien dojo.
Let's Get Crafty	Bring your imagination to the art table in this fun filled craft class full of beading, painting, mosaics, jewelry, duct tape & more! Let your creativity reign as the the only requirement is to have fun while crafting around the table with classmates.
Ninja Warrior Boot Camp	Sneak in to the gym after school and transform in to a Ninja in training! Use your Ninja stealth and speed as you work your way through different stations that test your strength, endurance and flexibility while maintaining your Ninja Cool.
Rockin' Recess	Rock Out' to favorite recess games like wall ball, four square, smith, sharks and minnows, tag, jump rope, and more! A great way to extend the best part of the school day!
Slimy, Scaly, Ooey, Goey Science	Time to get your hands dirty! Planting, mixing Polymers (aka making slime), making recycled Paper and more to discover the world of Herpetology, the science of reptiles and amphibians. And that's not all... meet worms, explore the fungus among us, and more!
Sports Spectacular	Play it all! Matball, kickball, sharks and minnows, steal the bacon, soccer, flag football, basketball, floor hockey... the sports are endless and they are changed up each week. Bring your team spirit, and get ready for cooperation, tolerance, sportsmanship, and fair play.
Tennis with TGA	Through station-based drills and games, develop the fundamental skills of grip, forehand, backhand, volley and serve. Explore academic concepts like gravity, force, and spin through the game of tennis. Each player progresses through the five level program at his/her own pace. Low student to teacher ratio; all equipment provided. Come learn the rules and etiquette of the game and the lessons that the lifelong lessons the game of tennis offers.

Tokeneke School Conference Week Events

Tuesday-Friday, March 17-20

Register NOON on 2/26, www.DarienAfterSchool.com

Conference Day OPEN PLAY, 1-3 PM, K-5

Join Darien After School during early release days for an action-packed afternoon. Grade-based groups will rotate between *sports and games in the gym, a variety of stations in the common room (crafts, games, LEGOs and more), and a special 'feature' activity each afternoon:

TUESDAY

Icky Adventure and Slime Time: Animals lick their own eyeballs, eat dead stuff for a living and drop off their own tails?!?! Learn all this and more during a live animal presentation, and then make at least two different types of slime to take home!

*Due to the length of this program, there is no gym activity.

\$35

WEDNESDAY

Art Exploration: Create art masterpieces using unusual techniques and unorthodox tools, like salad spinners, balls and kitchen utensils. You'll be amazed at what you create!

\$45

THURSDAY

Hobby Quest's Magician's Workshop: Abracadabra! Calling all budding magicians! Learn to perform amazing tricks that will astound your friends and family. The Great Hobby Quest Magician will teach you the secrets you need to start on the path to becoming a real illusionist...and you'll take home the tricks you learn!

\$45

FRIDAY

Hands on Pottery: Use different painting techniques including stencils, fun writers and tape to design and paint your one-of-a-kind piece of pottery. Pieces are glazed and fired at the Hands on Pottery studio and returned to school for pick up or backpack express.

\$50

Or, join us for special conference day workshops too – flip the page...!

Conference Day WORKSHOPS, 1-3 PM

TUESDAY

Open Chess, K-5

For those who love (or are curious about) the game of Chess! All levels welcome to come play with friends, learn about the game, hone your game and practice your moves.

\$35

WEDNESDAY

Vroom, Vroom, Vroom, Velocity, 3-5

Feel the need for speed? Experiment with gravity, velocity, friction and much more in this exciting workshop from the Bruce Museum in Greenwich. Build roller coasters and test the limits of their construction through different, hands-on challenges. Then, after you've honed your new construction skills, make a moving vehicle out of materials and test its speed on the open road.

\$45

THURSDAY

Jr. CEOs, 3-5

How cool would it be for you to be the boss of Apple or Amazon for a day? In this workshop, you can! Students act as CEOs for leading companies and work in groups to make strategic recommendations to address real business issues take from case studies from actual companies such as Apple, Amazon, Coke, McDonald's, Under Armour, Nike, Tesla, Uber and more!

\$45

Snack of whole fruit and water provided
